

S-DISCO Days

APRIL 3-4, 2023

Location: Lecture Hall No. 1 - Building of the Faculty of Pharmacy - Medical University of Gdańsk

Day 1 (3rd of April)

8:30	Registration	
9:00	Introduction	Introduction to the event & speakers, S-DISCO and Gdańsk
9:30	Prof. Dr. Joachim Jose (University of Münster)	Plenary lecture: "Towards the Development of Sustainable Tools for Drug Discovery" and research topic
10:30	PhD Researcher (University of Lille)	Keynote Lecture
10:50	Coffee break	
11:10	Researcher Simon Krols (Ghent University, online)	Keynote lecture: "Targeted AURKA degradation: towards new therapeutic agents for neuroblastoma"
11:30	Prof. Joshua Jackman (TNRC, Sungkyunkwan University)	Keynote lecture and research topic
11:50	Researcher Hannah Hirmz (Ghent University, online)	Keynote lecture: "Sustainability in pharmaceutical analytical development: balancing environment, -functionality and cost"
12:10	PhD Researcher (University of Lille)	Keynote lecture
12:30	Lunch break	
13:30	Prof. Bart De Spiegeleer (Ghent University)	Research at the DruQuaR laboratory
13:50	Prof. Serge Van Calenbergh (Ghent University)	Research at the Laboratory of Medicinal Chemistry
14:00	Prof. Lies Lahousse (Ghent University)	Research at the Pharmacoepidemiology Group
14:10	Prof. Stefaan De Smedt (Ghent University)	Research at the Laboratory of General Biochemistry and Physical Pharmacy
14:20	Prof. Luke Odell (Uppsala University)	Research at the Department of Medicinal Chemistry
14:30	Prof. Per Larsson (Uppsala University)	
14:40	Coffee Break	
15:10	Prof. Michał Markuszewski (Medical University of Gdańsk)	Research at the Metabolomics Research Laboratory
15:20	Prof. Anita Kornicka (Medical University of Gdańsk)	Research at the Department of Chemical Technology of Drugs
15:30	Prof. Bartosz Wielgomas (Medical University of Gdańsk)	Research at the Department of Toxicology
15:40	Dr hab. Danuta Siluk (Medical University of Gdańsk)	Research at the Metabolomics Research Laboratory
15:50	Dr hab. Danuta Dudzik (Medical University of Gdańsk)	Research at the Metabolomics Research Laboratory
16:00	Dr. Andrea Lipińska (Medical University of Gdańsk)	Research at the Laboratory of Virus Molecular Biology
16:10	Prof. Rose Hayeshi (North-West University)	Research at the DSI/NWU Preclinical Drug Development Platform
16:30	Vote of Thanks	
16:45	End of the day

S-DISCO Days

APRIL 3-4, 2023

Location: Lecture Hall No. 1 - Building of the Faculty of Pharmacy - Medical University of Gdańsk

Day 2 (4th of April)

9:00	Introduction	
9:10	Dr. Ed Griffen (MedChemica)	Plenary lecture: "The COVID Moonshot: from open-science collaboration in fragment screening to drug candidate and beyond to Pandemic Preparedness"
10:10	Dr. Evelien Wynendaele (Ghent University)	Keynote Lecture: "Peptides as a sustainable medicine class"
10:30	Researcher Zvonimir Mlinaric (University of Zagreb)	Keynote lecture: "Rapid Capillary Electrophoresis Method for Simultaneous Determination of Abemaciclib, Ribociclib, and Palbociclib in Pharmaceutical Dosage Forms: A Green Approach"
10:50	Coffee break	
11:10	Dr. Alina Ghinet (University of Lille)	Keynote lecture: "Sustainable chemistry applied to the synthesis of new RAGE antagonists with antiageing properties" and research topic
11:40	Prof. Gerrit Poelarends (University of Groningen)	Research at the Chemical and Pharmaceutical Biology department
11:50	Dr. Sandy Schmidt (University of Groningen)	
12:00	Prof. Kristina Haslinger (University of Groningen)	
12:10	Prof. Reinoud Gosens (University of Groningen)	
12:20	Prof. Amalia Dolga (University of Groningen)	
12:30	Prof. Martina Schmidt (University of Groningen)	Research at the Molecular Pharmacology department
12:40	Prof. Peter Horvatovic (University of Groningen)	Research at the Analytical Biochemistry department
12:50	Lunch break	
14:00	Prof. Jamal El Bakali – Prof. Séverine Ravez (University of Lille)	Research at the Laboratory of Medicinal Chemistry
14:10	Prof. Pierre Sierocki – Dr. Damien Bosc (University of Lille)	
14:20	Prof. Nicolas Willand (University of Lille)	
14:30	Dr. Davy Sinnaeve (University of Lille)	
14:40	Prof. Isabelle Landrieu (University of Lille)	
14:50	Dr. Fanny Lalloyer (University of Lille)	Research at the Inserm UMR 1011
15:00	Dr. Andrea Pichelli (University of Pavia)	Research at the Laboratory of Medicinal Chemistry
15:10	Coffee Break	
15:30	Prof. Peter Olinga (University of Groningen)	Research at the Nanomedicine and Drug Targeting department
15:40	Prof. Anna Salvati (University of Groningen)	
15:50	Prof. Klaas Poelstra (University of Groningen)	
16:00	Dr. Anika Nagelkerke (University of Groningen)	
16:10	Dr. Christopher Aberg (University of Groningen)	
16:20	Vote of Thanks	
16:35	End of the day
